

UNIVERSITY OF PUERTO RICO AT CAYEY  
DEANSHIP OF ACADEMIC AFFAIRS

AREA OF PROFESSIONAL DEVELOPMENT

The Deanship of Academic Affairs follows specific policies and bylaws that guide the endeavors for professional development. All activities geared towards professional development follow the guidelines and procedures stipulated on Certifications 79:2000-2001, 74:2004-2005, and 27:2005-2007.

Certification 79:2000-2001:Academic Senate, stipulates the creation of a Professional Development Enrichment Program for all faculty with a special focus on new professors. According to Certification 79, new professors must comply with 30 hours dedicated to professional development endeavors. Thus, new professors take 8 hours of orientation related to the UPR system, UPR-Cayey operations and structure, bylaws, regulations, policies and other topics concerning academic affairs. During the time set for professional development, they also participate in workshop-seminars on new methodologies for teaching, effective use of technology, alternate modes of assessment to measure student learning outcomes, and preparing exams, course syllabus, proposals, among others.

Certification 74:2004-2005: Academic Senate specifies the approval of the 'Plan for Professional Development of the Faculty (PPDF)' submitted by the Dean of Academic Affairs. The PPDF sets the procedures, guidelines and criteria for the planning of the professional growth activities previously identified by the faculty in each department as areas of need or interest. The criteria and procedures for the assignment of funds for professional development for faculty and non-faculty members are included in this certification.

Certification 27:2005-2007: Academic Senate, is an amendment to Certification 79:2000-2001 which specifies the inclusion of Presentations in the Caribbean and changes the criteria for the assignment of funds.

The following tables present the International, National and Local endeavors sponsored by the Deanship of Academic Affairs in accordance to Certification 74:2004-2005: Academic Senate
